2nd UK Fertility Preservation Conference

Welcome Letter

Dear Friends and Colleagues,

It is my pleasure to invite you to attend the 2nd UK Fertility Preservation Conference that will be held on the 14th of September 2018 at St. Anne's College at the University of Oxford. This meeting follows on from the 1st highly successful meeting in Edinburgh in 2017.

Oxford is home to The Future Fertility Trust which provides a comprehensive tissue cryopreservation service for girls and boys alongside a dynamic research programme and we look forward to hosting the 2nd UK Fertility Preservation Conference.

This meeting will provide a diverse and rewarding scientific programme with a focus on recent advances in fertility preservation for girls, boys, women and men, as well as including highly topical aspects of fertility preservation for non-malignant conditions. We have national and international speakers who are experts in their fields and will discuss the latest research and key developments.

By attending this meeting, you will have the opportunity to interact and network with colleagues in the field to generate significant and positive impacts in fertility preservation.

The meeting will be preceded by a free public lecture on Fertility Preservation by Prof Allan Pacey MBE and Dr Suzannah Williams on Thursday 13 September from 17:00 to 18:00 at the Examination School at the University of Oxford.

I do hope that you can join us in Oxford for the 2nd UK Fertility Preservation Conference. We believe that all participants will benefit from attending and your involvement will make a significant, positive impact on the future of fertility preservation. CME points will be applied for and I encourage you to book as soon as possible.

I am very grateful to the Society for Reproduction and Fertility and to our other sponsors for their generous support of this meeting.

I look forward to meeting all of you in September.

Dr Suzannah A Williams Conference Chairperson

Local Organising Committee

Professor Anne Goriely (University of Oxford)
Dr Sheila Lane (Children's Hospital, Oxford)
Dr Rod Mitchell (University of Edinburgh)
Dr Suzannah Williams (University of Oxford)

Travelling to Oxford

We regret that, owing to lack of space, parking at St Anne's is strictly disabled access only.

Park-and-ride

There are park-and-rides available on the outskirts of Oxford, so you are sure to find one no matter from which direction you have come. They are all clearly sign-posted, are linked to the centre of the city by regular bus services, and, are open 24 hours per day (bus services run until about 11pm). From Peartree and Watereaton you can catch buses which stop very close to St Anne's.

By car

Limited street parking is available in Wellington Square and St Giles. It is metered from 8am to 10pm with a 2-hour maximum stay each and every day including Sundays; after 10pm overnight stay is permitted.

The nearest public car parks are at Worcester Street, Gloucester Green, the Westgate Centre and at the Railway Station. They are all expensive and should you wish to try North Oxford as an alternative, many areas now have residents' only parking.

A further option is JustPark. Use the code STANNESCOLLEGE20 to receive 20% off your first JustPark booking.

By train

Oxford railway station is located on the western edge of the city centre, about a 20 minute walk from St Anne's. There are also two direct buses operated by Stagecoach which run fairly frequently from the station to the College (Buses 14 and S3).

Services to London run regularly during the day (at least two per hour), with journeys taking around 60 minutes. Information on rail journeys and fares to/from Oxford are available on [National Rail Enquiries Website](#)
Tel: 08457 484950.

By bus

The main bus station in Oxford is located at Gloucester Green in the City Centre, approximately a 15 minute walk from St Anne's. National Express buses run to and from Oxford to locations throughout the UK. The Oxford Tube runs from London (Victoria, Marble Arch, Notting Hill Gate and Shepherd's Bush) to Oxford every 10-15 minutes including throughout the night. The X90 also runs from London (Victoria, Marble Arch and Baker St) to Oxford up to every 15 minutes. The airline buses run regularly from London Gatwick and London Heathrow to Oxford.

Further information is available on Oxford City Council's website:

Accommodation

We are pleased to be able to offer accommodation for delegates and speakers at St. Anne's College.

Set in acres of leafy grounds, St Anne's is a ten-minute walk from the city centre and is ideally situated for you to enjoy the culinary delights of numerous bars and restaurants a short walk away, should you wish to arrive in advance of the conference, or perhaps stay on to absorb the atmosphere and explore this historic and magical city.

The following is included in your booking:

- 24-hour Lodge/Reception
- Hospitality trays
- Towels
- Toiletries
- Full English breakfast

Cost of accommodation: £96.20 (£76.00 + VAT)

To book your accommodation use the link below and enter the below promotional code:

PROMOTIONAL CODE: NDOG29701

Booking link:
